Mediation makes it possible to reach surprisingly positive outcomes in expensive and time-consuming disputes resulting from high stakes corporate and financial matters, including those in the banking and lending areas.

ADR Center is Italy's first mediation provider registered with the National Register of Mediation Organizations held by the Ministry of Justice. Our mediation procedure complies with all of the requirements of Articles 38-40 of Decree n. 5 of 2003.

The following lists the main outcomes of the above legislation:

- Suspension of the limitations prescribed by law
- If a mediation is prescribed by a mediation clause and the procedure has not yet commenced, upon a party's motion the judge may suspend the process and set the period within which the parties should submit a mediation request to a provider
- Settlement agreements are enforceable by the judiciary
- Parties' final positions and/or their failure to attend a mediation procedure are evaluated by the judge in his assessment of legal fees and
- Tax benefits
